Together, Next Steps to Save, Change, Heal Precious Lives

Executive Director Lyndi Zembrodt

I am grateful for you, your prayers and financial support to the ministry of Care Net. Together we intercede on behalf of the pre-born. With your continued support we will take the next bold, preemptive step to save, change and heal lives.

The abortion culture is shifting from surgical abortions to medical abortions—the abortion pill. Medical abortion now accounts for over 50% of abortions and is prescribed up to 10 weeks gestation. As the abortion pill becomes more readily available and gains popularity, women are feeling the pressure to abort very early, some as soon as a positive pregnancy test. Knowing they will anxiously search online for the abortion pill, Care Net engages these women by purchasing highly visible, competitive, online ads. These ads allow us to be women’s first contact, and our staff answers a 24-hour helpline to respond to their calls. Care Net then provides free consultation including options education and an ultrasound to determine viability and confirm the pregnancy as early as six weeks gestation. Over 90% of women who have a consultation and ultrasound at Care Net choose life for their unborn child.

This year we expanded our medical staff and added another medical center to offer more

than 100 ultrasound appointments every month. We rejoice that 1,351 women have chosen life for their pre-born babies after having an ultrasound at Care Net. Ultrasound is undeniably our greatest tool to save the unborn. We thank our medical director of ultrasound, Dr. Deward Voss, for his gifted professional service that allows us to show God’s truth through science and technology.

Deward Voss, MD

Olivia Kuper, MD

To be preemptive in saving, changing and healing lives, our next bold step is to offer relevant sexual health services and programs. We are happy to announce that Dr. Olivia Kuper has accepted the role and title of Sexual Health Director. Dr. Kuper, a family medicine hospitalist, formerly was a Care Net mentor. Additionally, we are grateful to partner with St. Elizabeth Healthcare’s Community Benefits Program to offer sexual health

services of screening, testing and treatment of sexually transmitted infections. By offering this service, we create opportunities to discuss appreciating fertility, understanding healthy relationships, avoiding sexual risk and healing with the men and women we serve. ***Sexual health services not only will help reduce unintended pregnancies but also, just as important, will allow us to build relationships so we become a woman's first choice for help should she experience an unintended pregnancy.***

We've already seen encouraging results from this new program; see the story below, "You are worth waiting for."

1 John 3:18 says, "Let us not love with words or speech but with actions and in truth." This program does just that.

"You are worth waiting for."

In late April, an 18-year-old woman came to Care Net worried she might be pregnant. She had been seeing the young man a few months but had no interest in staying with him and feared pregnancy would force her to stay.

The pregnancy test was negative, but she had also agreed to STI testing. That opened the way for Center Assistant Director Rhonda Brown (photo, left) to gently counsel her that even though she had already had sex, she didn't have to continue. The young woman agreed it's not worth the risks.

Thankfully the STI test also was negative, and during her follow up visit she shared her own good news: with a big smile and hug for Rhonda, she said she had broken up with her boyfriend and rededicated her life to abstinence.

Rhonda told her, "I am so very proud of you. Remember you are worth waiting for. Be true to yourself."

It's a message we want all our clients to embrace.

Photos right column, top to bottom: we welcomed a full house to the 2022 banquet; Care Net board president Matt Darpel with banquet emcee Liz Bonis of Local 12 and board member Lee Ann Ernst. Bottom; special guest Pam Stenzel spoke the truth with love and humor.

Celebrating our Annual Banquet

Care Net's Annual Banquet on May 5, at full strength for the first time since 2019, was an extraordinary night of fellowship, generosity, pathos, humor and truth. Guest speaker Pam Stenzel spoke straight and true with a message our culture desperately needs to hear—and heed.

Your gifts and pledges at the event met our 2022 banquet goal, which accounts for 25% of our overall budget. Your presence that night encouraged us and your generosity humbles us. Thank you for partnering with us to save babies' lives and change the lives of their parents. Special thanks to the table sponsors and hosts who invited all of you to come.

Please note these treasured sponsors who underwrote the cost of the banquet, freeing your donations for our work:

Honoring Michael's Memory . . . for Life

On June 25, 1986, Martin and Sheila Zalla experienced the heartbreak no parent should have to endure: they lost their 18-year-old son, Michael, an honors student at Northern Kentucky University, when he tragically became the victim of a fatal automobile accident.

On April 13 this year, through a legacy gift from Mr. and Mrs. Zalla, Care Net had the privilege of dedicating one of our Cold Spring client consultation rooms in Michael's memory.

As we encourage our clients to choose life, the dedication in Michael's memory is a silent but powerful reminder that life is God-given and infinitely precious.

For information about legacy gifts, please contact us.

Fr. Gerald Reinersman, pastor of St. Joseph Parish of Cold Spring, with (left to right), Martin Zalla, daughter-in-law Lisa Zalla, and Sheila Zalla at the Cold Spring dedication ceremony.

MISSION STATEMENT

We are a Christ-centered organization existing to educate, support and empower people before, during and after an unplanned pregnancy, while uplifting the sanctity of human life.

Golf "Fore" Fathers Registration Now Open

Registration is now open for our annual Golf "Fore" Fathers scramble Friday, August 12, at Aston Oaks Golf Club in North Bend, Ohio. **Take advantage of early bird registration and save \$100 per foursome!**

Registration includes 18 holes in shotgun format, lunch, dinner, snacks, silent auction and prize raffles. **All proceeds benefit Care Net's Fatherhood Education Program.**

Don't get shut out! Get your foursome together and register today. **Go to carenetnky.org/golf-fore-fathers** or scan the code.

Register early and save! Sign up before July 12 and registration is \$125 per golfer. Starting July 12, registration is \$150.

The beautiful Aston Oaks course was designed by legendary pro golfer Jack Nicklaus.

Golfers can pay \$5 to hit from the women's tee on Hole 5—always a favorite and always great fun!
