

CARE NET PREGNANCY SERVICES OF NKY WELCOMES NKOL AS ACE SPONSOR

COLD SPRING, Ky. (July 25, 2023) — Care Net Pregnancy Services of Northern Kentucky welcomes NKOL, an IT support and web hosting company in Wilder, Kentucky, as title sponsor of its 11th Annual Golf “Fore” Fathers event Aug. 11 at Aston Oaks in North Bend, Ohio.

The event funds Care Net’s Fatherhood program, which pairs male mentors with young dads.

“Our Fatherhood program educates men to be the best dads they can be, so we’re thrilled to have NKOL’s support,” said Care Net Executive Director Lyndi Zembrodt. “NKOL offers prompt, secure, professional IT support. They are a blessing to our ministry.”

NKOL owner and CEO Ben Hanks joined the company in the late 1990s while earning his Bachelor of Science degree from Northern Kentucky University. He purchased the business in 2006. David Gautraud joined NKOL in 2003 and became a partner and president in 2019. Founded in 1996, NKOL has 11 employees.

Hanks originally discussed partnering with the previous owner, but the latter offered to sell the business instead.

“God prepared a way to work that helped my family in ways I couldn’t have foreseen,” Hanks said. “After I bought NKOL, my wife became debilitated by an illness that lasted 12 years before she was healed. Owning the business allowed me the flexibility to take care of her and our two kids.

“God has really blessed us, and we love to give back,” Hanks said of NKOL’s support for Care Net and other community ministries.
