

Why Support Care Net Pregnancy Services of Northern Kentucky

Good morning, church family.

Today I want to share an urgent and often misunderstood truth about the state of abortion in Kentucky. Many believe that since abortion is now illegal here, the problem has been solved. But the reality is far more heartbreaking.

Show the video

According to recent studies, over 70% of abortions today are happening in homes or public bathrooms. Alone. No medical care. No follow-up. Just a young woman, often scared and isolated, believing she has no other choice—and carrying the weight of that decision in silence.

This is where the ministry of *Care Net Pregnancy Services of Northern Kentucky* steps in. And this is why our church supports them.

Care Net exists to offer truth, options, and hope. They walk alongside women and couples who feel trapped, showing them the love and support they didn't know was available. Many choose abortion not because they want to—but because they think they have no choice. Care Net helps rewrite that narrative.

Through mentoring, education, and practical resources, Care Net equips these families with everything from pregnancy and parenting classes to life skills and spiritual encouragement. Their *Earn While You Learn* program connects clients to a material closet and other safety-net organizations across Northern Kentucky.

In 2024 alone, Care Net welcomed 951 clients through their doors and taught over 2,600 classes. That's 2,600 moments of truth, grace, and transformation.

But they can't do it alone.

They need our financial support. They need volunteers—to mentor, to help in the office, to clean, to do yard work. They need business sponsors who believe in life and restoration.

If you feel called to help, please visit www.carenetsky.org. Learn more. Pray. Give. Serve.

Let's be the hands and feet of Jesus to those who feel forgotten. Let's remind them that they are not alone—and that life, even in its most fragile form, is always worth fighting for.

Thank you.
